- Die Line**  
*Actual Magnet Shape*
- Imprint Area**  
*All important text/logos/info need to stay inside this line (0.1" inside of the Die Line)*

### STOCK ART

### COMMENTS:

All raster-based artwork (JPEG, TIFF, EPS, PSD, etc.) should be at least 300 dpi. When sending vector artwork (Adobe Illustrator preferred when possible) please convert all type to paths or outlines or include the printer and screen font files.

### FACTS:

Loud sounds can cause hearing loss by damaging the delicate hair cells in the inner ear. In humans, these hair cells do not repair themselves; when they are critically damaged or lost from noise trauma, permanent hearing loss results.
