All important text/logos/info need to stay inside this line (0.1" inside of the Die Line)

### STOCK ART

### COMMENTS:

All raster-based artwork (JPEG, TIFF, EPS, PSD, etc.) should be at least 300 dpi. When sending vector artwork (Adobe Illustrator preferred when possible) please convert all type to paths or outlines or include the printer and screen font files.

### FACTS:

Ducks, swans and geese dive and tip underwater in search of food, but they never get wet through to the skin. They coat their feathers with oil from a special gland and constantly preen to keep feathers overlapping like tiles on a roof.
